Extracurricular Activity

Hosting of services on magnias.be	
Personal services hosted on Docker like game servers and web apps	*Nov. 2019 - Present*

- Gained knowledge about Docker and Containerization.

Hobbies

I like to occupy my free time with upping my knowledge about cybersecurity and developing my personal projects. Currently, I am learning Rust and am trying to develop a Terminal User Interface that interfaces with Signal. When I'm not learning, you can usually find me bouldering in Biover Sport or playing the guitar.
